ENGINEER OF EMPEROR'S SPECIAL WAS KILLED IN AN EXPLOSION.

RUSS START NEW OFFENSIVE

Teutonic Pressure in Transylvania Appears To Have Stopped.

(Associated Press)

Paris, Oct. 28.—The engineer driving the train of Emperor William of Germany was killed by a bomb dropped by an aviator of the entente allies, according to a Zurich, Switzerland report.

French Take Quarry.

Paris, Oct. 28.—It is officially announced that in the Verdun region last night the French captured from the Germans by the use of hand grenades a quarry northeast of Fort Douaumont. The brisk artillery duel continues. On the Somme front last night there was an intermittent artillery bombardment.

New Russ Offensive.

London, Oct. 28.—A telegram received at Rome from German sources reports there are indications of the beginning of a tremendous new Russian offensive in Galicia and Poland.

Teutons Are Stopped.

London, Oct. 28.—Bucharest reports the Teutonic pressure against the Russians and Roumanians in Transylvania appears to have stopped definitely. The Russians and Roumanians are taking initiative operations in the field. It is estimated by Roumanian military officials that the losses of the Austro-German forces in Transylvania have been 80,000.

New Infantry Attacks.

Berlin, Oct. 28.—The official announcement of today says: "Infantry engagements between the Anglo-French and German troops on north bank of the Somme began anew yesterday. The Germans maintained their positions and repulsed attacks on Guedecourt, Losboeufts and the district northeast of Morval."

The Germans successfully withstood heavy engagement on the east bank of the Meuse north of Verdun. French attacks from the Thiaumont wood, both sides of Fort Douaumont, and in Fumin wood failed with heavy losses.

The Russians lost heavily in an attack west of Lutsk in Volhynia while in Dobrudja von Mackensen's army is pursuing the enemy and meeting little resistance. 500 isolated soldiers have been taken prisoner and several munitions columns and other material have been captured.

Roumanians Victors.

Bucharest, Oct. 28.—It was officially announced today: "Roumanians on the Moldavian frontier won another success over the Austro-Germans in Trotus valley and recaptured Poscul from which vicinity Teutons in the Jsul valley an attack was repulsed."

NEXT TUESDAY LAST REGISTRATION DAY

VOTERS WHO HAVE NEGLECTED
MATTER SHOULD LOOK
FOR NAMES.

BOARDS WORK UNTIL 9 P. M.

Next Tuesday, Oct. 31, is the last day to register and the boards will work from 8 a. m. to 9 p. m. to complete the registers. The election judges have already registered all the men and women who voted at the local option election in Dixon April 4 last. If you did not vote then or have moved to another precinct since then you should see to it that your name is registered, or it will be necessary on election day to have your vote sworn in. If any republican finds he is unable to register Tuesday, leave your name and address at the republican headquarters on the second floor of the Evening Telegraph building and the name will be registered and those who cannot call should telephone. Republican Headquarters telephone is No. 884 and the rooms are open every day and evening. Call for all kinds of republican literature and pictures of the candidates, and buttons.

MANY ATTENDED DANCE

The dance given by the Senior class of Dixon high school at Rosbrook's hall Friday evening was attended by about 125 couples and was one of the most happily successful affairs ever given by any high school class. Excellent music was furnished by the Marquette orchestra, the dancers applauding the musicians vociferously.

DAME FORTUNE HELPS STERLING TO A TIE

NEITHER TEAM SCORED IN THE
GREAT GAME HERE ON FRIDAY
AFTERNOON.

CROWD WAS RECORD BREAKER

Was Largest Attendance At High
School Game In History
of Dixon.

For a total of just six minutes on Friday afternoon the Sterling township high school football team had possession of the ball in the great Dixon-Sterling contest at Athletic park, but because Sterling's warriors got all the breaks in the game they were able to hold Dixon to a scoreless tie. The breaks in the game came at times when Dixon was mighty near a score, for several times during the contest the fast young gridiron heroes of Dixon were just ready to shove the pigskin across only to have Dame Fortune step in to the assistance of the visitors.

The largest crowd that has ever attended a high school football game in Dixon was present as a result of the interest that had been aroused in the game and the great passant which preceded it. The sidelines were jammed thick with humanity and the great mass of supporters of the Dixon team cheered their warriors lustily in an effort to get the score needed to "cop" the game.

Fumbles Saved Sterling.

During the first quarter the ball was almost continually in Sterling territory, with Dixon pushing it near the goal several times. Fumbles saved the visitors several times during the quarter, while Brooks failed by a scant two inches to send the ball over in a great plunge toward the last of the period. The ball went over as it was the last down and immediately Sterling kicked it out of danger. At numerous other times during the game the ball was pushed to with in striking distance, but luck stepped in and Dixon lost it.

Notwithstanding the unfortunate features which prevented Dixon winning a deserved victory over their heavier opponents the game was full of interest and it is sure that when the teams meet again at Sterling on Thanksgiving day there will be "some" fight and "some" crowd, for the Dixon team is planning a great interest campaign to secure a large company of rooters for that day.

STATE OFFICIALS PRAISE NORTH DIXON

IMPROVEMENT OF SCHOOL WINS
COMMENDATION OF SUPT.
FRANCIS G. BLAIR.

While in Dixon in attendance at the institute of the Western Division of the Northern Illinois Teachers' Association, State Superintendent F. G. Blair and his assistant, J. U. Hoffman, inspected the North Dixon school buildings which were extensively improved during the summer. They expressed great surprise and pleasure at what had been accomplished with the old buildings, and were enthusiastic in their praise of the North Dixon school authorities for the improvement of the physical conditions of the schools. Both buildings are now standard in the records of the state superintendent's office.

ONE DEAD, 22 HURT IN WRECK

Illinois Traction Car Burns After
Plunging Down 100-Foot Embankment.

Edwardsville, Ill., Oct. 28.—E. A. Kantor, of New York was killed and twenty-two other persons were burned or injured seriously when a coach of the Illinois traction system caught fire after plunging 100 feet down an embankment near a trestle five miles north of here. The car was bound from Springfield to St. Louis.

Officials of the line assert the wreck was caused by the loosening of a rail after someone had pulled the spikes from sixty ties at the point where the car left the tracks.

DANCE THIS EVENING

The Shoemakers Pleasure Club will hold its regular Saturday night dance at Rosbrook's hall this evening, with music by the Marquette orchestra.

FATHER OF WEATHER BUREAU DIED TODAY

PROF. CLEVELAND ABBE ESTABLISHED
FORECASTS IN THE
UNITED STATES.

WAS WIDELY KNOWN AS "PROB"

(Associated Press)

The present system of daily weather forecasts, with which every portion of the country, however remote, is familiar, is the outgrowth of a weather prediction service which Cleveland Abbe established locally in Cleveland, where he was director of the observatory there in 1869. The death of this famous meteorologist recalls interesting details of the early history of weather forecasts.

The son of a New York merchant, born Dec. 3, 1828, he became instructor in mathematics and astronomy at the University of Michigan in 1860. During the civil war he was an aide at Cambridge, Mass., to Dr. B. A. Gould, then astronomer of the U. S. coast survey. The years 1865-66 he spent in Russia at the Imperial Observatory as guest of the resident staff of observers there and on his return was chosen director of the Cincinnati observatory.

In beginning astronomical work there in May, 1868, he expressed to the local chamber of commerce a willingness to make daily predictions of weather for the benefit of the citizens.

The success of the scheme led his friends to introduce a resolution in congress for a national bureau of storm warnings for the benefit of commerce. The bureau was established in February, 1870 and its conduct entrusted to Gen. A. J. Myer, then the chief signal officer of the army.

Even when past 70 years of age Prof. Abbe continued in the government weather service to edit Monthly Weather Review and make other contributions to meteorological science. He was the recipient of a gold medal from the Royal Meteorological society of England, member of the National Academy of Science and numerous foreign and American scientific bodies.

DIXON BOY HAS BEEN HONORED

Donald Barry Elected Vice President
of College Club.

Donald Barry, son of Mrs. Agnes Barry of this city, has been honored by his classmates at Notre Dame university by being chosen vice president of the Brownson Literary society, one of the oldest organizations of the school.

SUPT. H.H. HAGEN IS HONORED BY TEACHERS

NORTH DIXON SCHOOL HEAD IS
CHOSEN PRESIDENT OF BIG
ASSOCIATION.

MEETING CLOSED THIS MORNING

1195 Paid Teachers Were Registered
During Sessions of Great
Institute.

H. H. Hagen, superintendent of the North Dixon schools, and C. H. Anderson of Polo, formerly of the Dixon high school, were honored by the members of the Western Division of the Northern Illinois Teachers' Assn. at the final session of their institute this morning when they were elected president and treasurer respectively of the association. Supt. R. G. Jones of Rockford was chosen chairman of the executive committee and the three will decide the place for the next institute. It will be either Rockford, Freeport or Belvidere. Prominent educators from each of these cities were present at the institute and pressed the claims and merits of their respective cities.

The institute which close today was one of the most successful in the history of the association. 1195 paid teachers were registered and they were enthusiastic in their praise of the excellent program which had been arranged and the treatment they were accorded by Dixon people.

Sectional Meetings.

Friday afternoon the session was devoted to the sectional meetings at the Union high school building and President Reiser announced the committees for the coming year. The state committee consists of, Legislative, Elizabeth Harvey, Belvidere; Resolutions, R. G. Jones, Rockford; Appropriations, L. W. Miller, Dixon; Auditing, O. E. Phares, Rock Falls, Mrs. Annie Terrell, Milledgeville. Nominations, J. E. Cross, Alice Munn, L. A. Fulwider, Katherine Obye and Supt. Weaver.

Evening Session.

At the evening session both the Union Glee club and the North Dixon school orchestra rendered music. Mrs. Phelps, who has charge of this feature of the program, deserves unstinted praise for the manner in which she and her pupils have carried out their parts. Many of the visitors remarked upon the excellence of the music of the boys and girls and declared that the Dixon school has a music department with a high standard.

Both Dr. Shyrock and Dr. Hoben delivered excellent addresses at the evening meeting. The former discoursed on "Perils of the Way" and the latter on "Biology and Boy Nature."

LEE HUTTON PLACE CLOSED BY COURT

STERLING SOFT DRINK PARLOR
OBJECT OF INJUNCTION
PROCEEDINGS.

Sterling, Oct. 27.—A large number of men from Sterling and vicinity, who went to the soft drink parlor of Lee Hutton Thursday were disappointed to find the doors were closed. Judge Baume in the circuit court at Morrison granted a temporary injunction restraining him from continuing his place of business.

At the meeting of the last grand jury which was on the first Monday in this month, 19 indictments were found against Hutton for selling liquor in anti-saloon territory, and being ill at the time the case was set for hearing and as he pleaded not guilty, the case was continued to the next term, which will be in January.

Mr. Hutton continued to operate his soft drink parlor as soon as he recovered from his illness and the states attorney and most of the city council signed an application for the temporary injunction asking that he be restrained from operating a nuisance. The court granted the temporary injunction.

PLAN SCHEDULES FOR "Y" FACTORY LEAGUE

GOOD ATTENDANCE MARKS THE
FIRST "FACTORY NIGHT"
AT ASSOCIATION.

INTERESTING GAMES WERE PLAYED

Over half a hundred of the new members of the Y. M. C. A. who were secured in the recent campaign from among the employees of the Grand Detour Plow Co., the Brown Shoe Co., the Reynolds Wire Screen Co. and the Roper Furniture Co., were present at the first "factory night" Friday and the affair was most interesting. The evening had been arranged for a "get acquainted" opportunity and to arrange a schedule of basket and volley ball and bowling for teams in the Y. M. C. A. factory league, a committee consisting of one member from each factory being appointed to draft the schedules.

During the evening many interesting games were played and a three-round sparring exhibition between William Hannon and Lester Burrs added pleasure to those in attendance. The plow shops basketball team defeated the shoemakers, while the Brown Co. employees were victorious in games of volley ball and tabloid ball. Refreshments were served and Sec. Der Kinderen outlined the plans of the association officers for the factory league. The Dixon Mandolin club furnished music during the evening.

SCHOOL CASE UNDER ADVISEMENT

Judge Heard Orders Attorneys To
Write Their Arguments.

At noon Friday, after the attorneys had occupied the morning session of the circuit court in submitting authorities in the Amboy high school district case, which was taken up for hearing in the morning, Judge Heard ordered the lawyers to prepare typewritten arguments for submission to him next week. He will then take the case under advisement.

H. C. OF L. CURBS HALLOWEEN

Pumpkins and Paper Novelties Very
Expensive This Year.

Des Moines, Ia., Oct. 28.—The high cost of living will put a crimp in Halloween festivities throughout the state, according to local authorities. The popular pumpkin, so long a Halloween institution, has soared skyward, so far as price is concerned, and instead of being used for Jack-o'-Lantern purposes this year, will appear, if at all, disguised as pie. The paper Jack-o'-Lantern and other paper novelties are going up, due chiefly to the European war and the result of scarcity of print paper and dyestuffs and a shortage of labor in manufacture.

LOWDEN WILL SWEEP STATE IN ELECTION

REPUBLICAN LANDSLIDE IN ILL-
INOIS IS PROPHECY OF
STERLING.

OPEN THE CHICAGO CAMPAIGN

Col. Lowden Winds Up Downstate
Fight and Enters Cook County—
What He Stands For.

Chicago, Oct. 28.—The Chicago campaign opened with the coming of Col. Roosevelt and his two big meetings in the stock yards pavilion and the Auditorium, where 21,500 people listened to him. Col. Frank O. Lowden, candidate for governor, and the other republican nominees completed their downstate tour and came into the city for the closing week. They arrived in time for the Roosevelt meeting and his endorsement.

"Am I for Lowden?" asked Col. Roosevelt. "Of course I am for Lowden. He is a republican and I am for the republican ticket."

The harmonious condition in Cook county and the state among the republicans is illustrated by the support of the ticket by former Governor Charles S. Deneen, Colonel Frank L. Smith of Dwight, Senator Morton D. Hull, who were Col. Lowden's opponents; former Governor Richard Yates and Frank H. Funk, who was the progressive nominee for governor in 1912.

"There is no question about Illinois in this election," said Col. Lowden upon his return. "On both the national and state tickets Illinois will go republican by large pluralities. Mr. Hughes has been gaining steadily. Farmers, business men and work men seem to have reached the conclusion that Hughes and the republican platform are more trustworthy than Wilson and democratic promises. The women, who will vote for the first time for president in Illinois, will rally strongly to Hughes and Fairbanks. The state ticket is receiving cordial support and I have no doubt of the result on Nov. 7."

Chairman Fred E. Sterling of the Republican State committee, after receiving encouraging reports from all sections of the state, said he had no hesitancy in declaring that Illinois would give Hughes and the state ticket a big plurality. "Governor Deneen made the mistake of distorting various things," said Mr. Sterling, "and making untrue insinuations regarding Col. Lowden. He seems to have forgotten that over 200,000 voters have just given their approval of Col. Lowden as the republican nominee. No candidate has ever appeared before the people in Illinois whose position on state issues is as well known as is Col. Lowden's. He stands for a consolidation of the 130 state boards into ten major departments, for a revision of the taxing laws, by the budget system and for plain, practical, common business sense in government. He believes there should be a revision of the election laws and a reduction in the number of elections. This would mean a saving of more than \$1,000,000 in Chicago alone."

The final drive for the election has begun. The Superdreadnought, Col. Roosevelt, aroused great enthusiasm in Chicago Thursday. Night meetings in every ward in the city are being held. Noonday meetings and outdoor speeches at the big factories in Chicago are of daily occurrences. Chairman Sterling has requested all the county chairmen to hold noonday meetings with local speakers at all factories in their vicinity Saturday, Nov. 4th.

Chicago and Illinois are safely republican, but the party leaders are taking no chances. A meeting of the Republican State committee and the advisory committee was held today to make arrangements for the final campaign.

IN FIVE MINUTES! NO INDIGESTION, GAS OR SOUR, ACID STOMACH

The moment "Pape's Diapiesin" reaches the stomach all distress goes

"Really does" put bad stomach in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that—just that—makes Pape's Diapiesin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with blue bile and indigestible waste, remember the moment "Pape's Diapiesin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapiesin will give you a hundred dollars' worth of satisfaction of your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or night. It's the quickest, surest and most harmless stomach regulator in the world.

CONFESSES GIRL'S SLAYING

Youth in Texas Reveals Mystery of Chicago Lagoon Tragedy.

Chicago, Oct. 28.—That "murder will out" has just been given forcible illustration. On the night of July 4, 1914, Miss Frances Bloom, seventeen years old, a telephone operator, was drowned in the lake off the Diversey beach breakwater.

Thursday in Marfa, Tex., a little barracks town, her sweetheart, George Arndt, at the time of her death, a youth of nineteen years, confessed he pushed her off the breakwater, according to word received by the Chicago police. Arndt is in the custody of the federalized Texas militia, stationed at Fort Texas, which is at Marfa.

Dixon High School Notes

D. H. S. HIGH SCHOOL NOTES

Senior Dance
The Senior class of the Dixon High School gave one of the most successful high school dances in a number of years at Rosbrook hall Friday evening after the football game, the dance honoring the Sterling and Dixon football teams. At nine o'clock the hall was crowded, with eighty couples on the floor. The Marquette orchestra furnished delightful music and every one had a great time. The hall was prettily decorated in purple and white.

The Dixon High School football team and students certainly appreciate the spirit the merchants of Dixon showed by closing the stores for the big game Friday. The team also appreciates the loyalty of the students as a mass, as was shown by the large parade.

The Dixon High school football team goes to Morrison next Saturday to meet the fast Whiteside County team.

Rifle Team
The Dixon High rifle team will soon start practice under the leadership of Captain George Crawford and will be instructed by Mr. Ogler.

Thursday the students had their chance to demonstrate their ability along the lines of knowledge. Mr. Piester gave a talk at the close of school Thursday, complimenting the students on their work.

There were about 1,200 teachers of Northern Illinois attending the meeting here Thursday and Friday.

Mrs. Phelps music class sang for the visiting teachers Thursday and are to be complimented upon their work.

Girls' Glee Club
The Girls' Glee Club rendered an entertainment for the visiting teachers Thursday.

HUGHES NEAR DEATH UNDER SPECIAL TRAIN

AUTOMOBILE RAN IN FRONT OF TRAIN BUT WAS BACKED IN TIME.

(Associated Press)

Oswego, N. Y., Oct. 28.—The special train of Charles E. Hughes narrowly missed running down the presidential candidate, who was in an automobile which drove in front of the train. The train had left the station to turn around while the candidate was speaking and was not visible around a curve as it was returning to the station. The band was playing and the approaching train was not heard. The automobile was backed in time to avert the accident, but it collided with the car behind it. The train was brought to an abrupt stop. There were no injuries.

HARMON

If there is favorable weather this week corn husking will progress rapidly; some have already been husking; the corn is badly down; much of it has to be gathered up off the ground; some who have been husking say that the corn is uneven; the corn that was planted early is fine, but the late has some soft corn among it, and many stocks do not have any ears on them; some of the ears are small and not filled out as they should be. It will not average more than 30 bushels per acre; some they think will make about 60; some not more than 25.

Walter Nelly of Nelson was a caller in Harmon Sunday.

Some have coughs and colds this damp rainy weather.

There will be more gravel here for the farmers to draw out on the roads; they are donating their work of drawing it out; they are anxious to see the advantage of having them where they are already made; when they donate their work it makes road building less expensive; they have been working lately east on the road to Amboy; Harmon wants to get it built to the Marion line; they will not have time to finish the work this fall. The farmers will have to stop drawing and get into the corn field, for if there should come a deep snow they cannot get more than half of it, as it is down.

The dirt roads around Harmon are said to be very bad; few autos are running over them.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How to Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh—Relief comes so quickly.

DON'T SCOLD, MOTHER! THE CROSS CHILD IS BILIOUS, FEVERISH

Look at tongue! If coated, clean little stomach, liver, bowels

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has headache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company" and other fig syrup.

TAX AMENDMENT INTERESTS WOMEN

Cannot Vote on Amendment, but Should Exert Themselves for Its Adoption.

It is an unfortunate thing that the courts have decided that women cannot vote on the tax amendment to be submitted to the electors of Illinois in November, for the injustice of the present system bears quite as heavily on women as on men, and more of the former than the latter are without means of earning a livelihood, says the Chicago Herald.

We hope the women of Illinois who have taken such a keen interest in everything concerning civic betterment will, nevertheless, remind their more privileged relatives and friends not to neglect to vote upon this measure while in the booths, for everyone should understand that an unprecedented vote on this proposition is the same as a vote against it, as a majority of all votes cast is necessary to carry it.

In 1818, when the present unfair system was adopted, scarcely any of the intangible property which now escapes the assessor existed. This property, consisting of mortgages, stocks and bonds, is hardest to find and assess. In the aggregate it amounts to millions. When the assessor does find it the tax as now levied, often is nearly confiscatory. As a consequence its owners are driven to evasions of one sort or another, even to changing their legal residence. Upon the honest owners of small savings and investments the burden is particularly hard.

If adopted, the amendment will permit the classification of such holdings, guarding them as to income and their ability to pay. It is not unlikely that there will be exemptions of small property holdings. It will allow assessors to reach property which has heretofore escaped taxation and at the same time it will equalize taxes over the whole body of taxable valuations. It is bound to increase the state's revenue without adding to the average burden.

But the amendment must be voted on. This should be hammered into the intelligence of every voter.

IMMORAL, UNJUST, INEFFECTIVE

A. W. Harris, President Northwestern University, Chicago.

I am in favor of the Proposed Amendment relating to personal property tax. The present situation is immoral, unjust and ineffective. It is immoral because by its excessive demands it leads to a very general attempt to escape the requirements of the law. It is extortionate, for it calls for a tax in some cases equivalent to an income tax of 25 per cent or more, and it is uneven in its distribution, throwing undue weight upon those whose income is derived from personal property. It is ineffective because it yields much less than a more moderate and more scientific system would produce.

Greater Legislative Freedom Is Required.

Allen Ripley Foote, Founder and First President of the National Tax Association.

I wish to commend the Taxation Constitutional Amendment submitted to the people for adoption. A well-defined movement has been developed in many states to secure amendments to their respective constitutions, enabling legislatures to exercise broader powers in dealing with taxation problems. All of these proposals, like your own, are designed to secure liberty of action through permitting freedom in the classification of the subjects of taxation in conformity with their economic characteristics. Several states have always enjoyed this freedom of action, and several others have acquired it through amending their constitutions. While the whole trend of development throughout the country is toward greater freedom, in no state has a demand arisen to restrict the freedom allowed. In my judgment, the adoption of the proposed amendment is absolutely necessary to enable the legislature of your state to enact laws revising the taxation system now in force in a way that will remedy its defects and place your state in a position to finance its public affairs, state and local, in a way that will be both helpful and satisfactory to its citizens.

OUGHT, EVEN, TO GO FURTHER.

Harry Pratt Judson, President of the University of Chicago.

The suggested Amendment is in the direction of reform of a very bad situation, and I should hope that it might be adopted. I regret that it did not go very much farther, but suppose that this is all that could be done at the time.

DUNNE FAILS TO CURTAIL COSTS

Medill McCormick Demonstrates that Dunne has Been Careless and Unbusinesslike.

WEAK MAN AT THROTTLE

In Speech at Chicago Mr. McCormick Exposes Sham Efforts at Springfield to Economize—Cites Dunne's Pledges and Performances.

Chicago—Medill McCormick, candidate for congressman-at-large, attacked the Dunne administration before an immense audience at the Garrick theater here at the noonday meeting. Mr. McCormick said:

"Government today cries out for energy, efficiency, consistency and economy. Never in Illinois has the need been so great as it is now. During the last four years the cost of state government has increased by 50 per cent. 'During that time the administration has made no telling effort to reduce the multitude of independent agencies through which the business of the state is supposedly administered. The increase in the cost has been accompanied by an actual diminution of efficiency. The state, unable to do well what already it was doing, has assumed in addition, the authority to regulate the public utilities—the great public service corporation of the city of Chicago. I do not purpose to question the good intentions of the head of the administration. I have come to Chicago from the campaign in the state, to recite the facts which fix the responsibility for the staggering increase in the cost of government and for the diminished efficiency in solving the utility problems of Chicago through the abrogation of local control of our utilities, Dunne's Promise and Performance.

"Four years ago the democratic candidates in Illinois denounced the extravagance of preceding Republican administrations.

"We condemn the extravagance and profligate expenditures of the last two Republican state administrations of Illinois," read the Democratic platform.

"The candidate for governor made statements no less sweeping—'The cost of operating the state government has been growing heavier each year through Republican mismanagement, waste and extravagance.'

"If I am elected Governor, I will stand for the abolition of public extravagance and the elimination of all useless offices," so spoke the candidate for Governor. The appropriations by the 47th General Assembly—the last under the Governor's predecessor—aggregated \$30,000,000. The appropriations by the 48th General Assembly—the first under the present administration—amounted to approximately \$38,000,000, or an increase of \$8,000,000 a year. In view of the campaign just past and of the pledges given, this was an increase to invoke the energies of the governor; to call forth great and unremitting efforts to stay the tendency toward extravagance, which have been denounced in the previous campaign. Here was a tendency which called for the authority which inheres in the governorship held by a believer in retrenchment. The facts were plain. There was time to plan for resolute action before the meeting of the 49th General Assembly, to summon to counsel and to demand a drastic reduction of estimates by the departmental heads of the administration. The Governor did not criticize the increase in expenditures. He approved it in the following language:

Dunne Approves Expenditures.

"While I regret the apparent increase in appropriations for the ensuing biennium, I believe it to be my duty to state that in the aggregate they are unavoidable, and that in their distribution they will be applied to purposes which are bound to meet the approval of the people."

"But the budget of estimated expenditures presented to the 49th General Assembly amounted to over \$45,000,000—an increase of 50 per cent over the \$30,000,000 appropriated by the 47th General Assembly and denounced as extravagant by the candidates of the Democracy four years ago.

"I would not have the members of the General Assembly evade their meager share of responsibility for the increase, although the Assembly appropriated less for the current expenses of government than was asked by the state administration. The Governor must shoulder the chief responsibility—indeed, almost the entire responsibility for the increase. The budget which called for an expenditure of over \$45,000,000 was prepared by the Legislative Reference Bureau, of which a majority of the members were Democrats, of which the chairman was the Governor, and of which the Secretary and Executive agent was his appointee. But, more than that, the budget was based on the estimates submitted by the administration. They were prepared by the departments, subject to revision by the Governor. In 1913, speaking of the budget which would be presented to the Assembly in 1914, he said, 'It will be my endeavor to have every budget that comes under my jurisdiction as Governor, prepared with infinite detail,' and later, replying to a statement of mine published in December of 1915, the Gov-

"The story of 'A Pir of Queens' has to do with Peter Canby and his unmarried brother-in-law, both respectable business men, who visit an all night restaurant in New York to get a bite to eat on their way to Canby's home after a late business conference. At an adjoining table sit two pretty women and their escorts. Canby and his brother-in-law have a couple of drinks and become acquainted with the four at the adjoining table. They are having a lively time when a row starts and the two respectable business men make a hurried departure, carrying with them a stranger's overcoat. Canby and his brother-in-law go home, sleep the sleep of the innocent, get up the next morning finding they have got themselves into a mess.

First they find the stranger's overcoat for which their morning paper tells them the police are searching. Then they discover that in the restaurant row a man was shot and that \$10,000—which afterward turns out to be forged—disappeared with the missing overcoat. The chain of circumstances lets loose a flood of laughable situations which keeps the audience in a constant roar of joyous merriment until the final curtain descends.

GARRICK THEATRE, CHICAGO

That two-fold delight, "The Princess Pat," with Henry Blossom's humorous libretto and Victor Herbert's beautiful score, will begin the third week of its limited engagement at the Garrick theatre. Clean, clever, bright and fascinating, with multitudinous pointed epigrams, which never fail to tickle the risibilities of an auditor, furnishing snap aplenty between the lovely, haunting strains which dominate the score, this comic opera is presented with practically the complete original cast which was seen during the long run of the play at the Cort theatre, New York, and later at the Park Sq. theatre, Boston, last season. "The Princess Pat" has a tangible plot. The young person in question is a sparkling, vivacious Irish lass. Her particular girl friend, Grace Holbrook, is engaged, for financial reasons, to a widower of sixty, a millionaire. She does not love him, but is infatuated with his son. In order to arouse her apparently indifferent husband and at the same time help her friend escape from the distasteful engagement to wed, Princess Pat decides on a flirtation with the widower. Her plan proves successful and, as is characteristic of comic operas, all ends happily. Every one of the twenty numbers is a gem and among the most popular are: Allies; Love Is Best of All; All For You; Two Laughing Irish Eyes; I'd Like to Be a Quitter, But I Find It Hard to Quit. The mountings and costumes are in full keeping with the general excellence of such a production. The cast includes such artists as Venita Fitzhugh, Oscar Figman, Al Sheat, Alexander Clark, Louis Casavant, Da-

"THE UNCHASTENED WOMAN" PRINCESS THEATRE, CHICAGO

According to the Chicago and New York dramatic critics Oliver Morosco has earned the sincere thanks of every thinking theatre goer in the country by his production of Louis K. Anspacher's unusual and unconventional comedy drama, "The Unchastened Woman" of which Miss Emily Stevens has the stellar role of Caroline Knollys and which is now in its third week at the Princess theatre, Chicago.

The play was first presented at the 39th Street Theatre, New York City, and for seven months filled it with amusement lovers seeking something different. It has been said to be the most concise, telling, vital and human play that has been written by an American dramatist in many years, and it has created all kinds of discussion.

Miss Stevens' Chicago engagement is positively limited to her forthcoming appearance in New York in a new play which will be produced this season under the direction of Oliver Morosco.

In support of Miss Stevens are such excellent players as H. Reeve-Smith, Mary Alden, Malcolm Duncan, Louis Bennison, Lillian Kemble Cooper, Isabel Richards and Jennie Lamont.

Mrs. Weyant and daughter of Nachusa were Thursday shoppers.

E. J. Yenerick of Ashton was in Dixon Friday on business.

E. H. Brewster spent yesterday in Chicago.

REPUBLICANS HEAR RUMBLE OF VICTORY

LOWDEN LOOKS LIKE WINNER OVER DUNNE BY RECORD MAJORITY — HUGHES COMING STRONG.

LEGISLATIVE GAINS, TOO

No Cloud in Sight, Republican State Chairman Sterling Says—Next Illinois Assembly Will Have Strong Republican Majority — Congressional Gains Promised.

Reports from every corner of Illinois, received by Republican State Chairman Fred E. Sterling, demonstrate beyond a doubt that the Republican state ticket headed by Frank O. Lowden is to win by a record-breaking majority. Mr. Sterling, for several weeks has been in close touch with chairmen of the various Illinois counties and as election day draws nearer, the tone of their messages to him has been more and more optimistic. Last reports were best of all, Mr. Sterling says, and foreshadow a smashing big victory for Lowden and the entire state ticket.

Hughes' Prospects Good. While the state central committee has heard more about the chances of the state ticket than the national ticket, all information respecting the chances of Hughes and Fairbanks is to the effect that they are to administer to President Wilson a hard thrashing and return Illinois to the Republican fold.

The indications also are for greater Republican representation in the Fifty-third general assembly. From an analysis by a nonpartisan organization in close touch with the legislative situation, it is learned that the outlook legislatively in Illinois is about as follows:

The senate: The outlook is that at least seventeen Republican state senators will be elected next month and probably nine Democratic. There are fourteen Republican hold-over senators and eight Democratic. The senate therefore will be, according to this prognostication: Republicans, 31; Democrats, 17; doubtful, 3. The senate of 1915 stood: Republicans, 25; Democrats, 26; Progressive, 1. Calling the Progressive a Republican, the outlook is for a net gain of at least five Republicans in the senate.

More Republicans in House.

The house: Unbiased reports indicate that the house will have at least 83 Republican members next session; Democrats, 66, and doubtful, 4. The house of 1915 had 78 Republicans, 71 Democrats, 2 Progressives and 2 Socialists. While this forecast may be too conservative, it will give the Republican party at least a majority of 13 in the house—allowing all four doubtful places to the Democrats. The prospects are that the Republican majority in both branches of the legislature will be larger than is given in the foregoing.

Reports indicating a larger Republican delegation from Illinois in congress also are being received in Chicago. From every angle, therefore, Republican prospects in Illinois could not be brighter.

Mark Your Tax Amendment Ballot "Yes"

THE TAX AMENDMENT WILL APPEAR AT THE TOP OF THE LITTLE BALLOT SUBSTANTIALLY AS FOLLOWS.

PROPOSED AMENDMENT TO STATE CONSTITUTION

To amend article 9 of the Constitution by adding thereto an additional section, to be known as section 14 of article 9, so as to give the General Assembly powers over the subject-matter of taxation of personal property as complete and unrestricted as they would be if sections one (1), three (3), nine (9), and ten (10) of said article 9 of the Constitution did not exist, provided that taxes upon personal property must be uniform as to persons and property of the same class within the jurisdiction of the body imposing the same and all exemptions from taxation to be by general law and to be revocable by the General Assembly at any time.

Yes ☒ X
No ☐

MARK IT WITH A CROSS AS INDICATED ABOVE. Failure so to mark your ballot will count as a negative vote.

LET'S VOTE "YES" ON TAX AMENDMENT

WRITER ADVISES FARMERS.

Editorial Comments the Tax Amendment and a Comprehensive News Article Shows Objections to the Present Tax System.

"The proposed change has done well for others, it has the approval of careful students of taxation," says the Farmers' Review, "so let's vote 'Yes,' on the Tax Amendment November 7." In addition to commending the Tax Amendment in its editorial columns the Farmers' Review publishes a lengthy article by G. H. Campbell, in which is presented a multitude of reasons showing that the present tax system of personal property is a failure, and that the proposed amendment offers opportunity for an improvement of conditions.

Showing the inequalities in the working out of the present system Mr. Campbell points out that, for example, Mercer county returns more than \$2,000,000 of "moneys other than bank-ers" while Alexander county, including Cairo, shows only \$69,000. Of the same item Cook county, including Chicago, has less than \$8,000,000, while the Fourteenth congressional district—made up of the counties of Hancock, Henderson, McDonough, Mercer, Rock Island and Warren—have nearly \$7,000,000.

"According to the report of the state board of equalization, 1914," Mr. Campbell points out, "all the merchandise in Cook county has a full value of \$48,440,652. This is less than the capitalization of one mail order house, with which many farmers trade."

"New York has been experimenting along the lines of the proposed Amendment since 1880," says Mr. Campbell. "In 1913 a subcommittee of the board of taxes and assessments of New York city published a report on the taxation of personal property. This shows, among other things, that a total of \$45,600,000 is annually produced in that state by taxes that have been substituted in their respective classes, for personal property assessment."

"The adoption of this amendment will not solve all our problems of taxation, but it will place the whole subject in such a position that those who are competent may attempt their solution with some prospect of success. 'If you favor the adoption of the amendment, do not fail to vote 'yes,' because its adoption requires a majority of all votes passed at the election.'"

STEDMAN, SOCIALIST, FOR TAX AMENDMENT

Gives Many Good Reasons In A Telegram To B. F. Weaver for the Quincy Labor Convention.

Quincy, Ill., Oct. 17.—The following telegram: B. F. Weaver, to Seymour Stedman, candidate for the Socialist party for governor, and Mr. Stedman's reply, remove any doubts which may have existed as to Mr. Stedman's strong affirmative support of the Tax Amendment. The following is Mr. Weaver's telegram:

Quincy, Ill., Oct. 17.—Seymour Stedman, Chicago: Has been stated on floor of convention that you favor Tax Amendment. If so, state reason. Signed B. F. Weaver.

Stedman States His Position.

Chicago, Ill., Oct. 17.—B. F. Weaver, State Federation of Labor Convention, Quincy, Ill.: I favor Tax Amendment. It will permit legislature to revise method of collecting revenue, and a proper classification of personal property. It will give power to exempt small savings accounts, household furniture, implements of labor, from taxes which under the law must be imposed. It will permit a method of taxing large pay-rolls, commercial enterprises for which at present there is no basis for ascertaining value, and the elimination of complicated method of spreading assessments, the cost of which in Cook County is almost \$3.00 per item. It would eliminate complicated and costly method of making assessments, reports and adjustments between the assessors, Board of Equalization, County Court, etc. It will provide an easy way of knowing the property subject to taxation, and permit distinction between revenue-producing wealth and that which does not contribute as an earning factor to the owner. The only valid objection I see is, that it will not authorize the adoption of the single tax as a fiscal measure. This amendment does not displace any other submitted at the election, and is a great step in advance of our present chaotic method of raising revenues with its fraud, perjury and tax-dodging. (Signed) Seymour Stedman.

GLENCOE MEN'S CLUB: "VOTE YES"

Tax Amendment Will Make an Honest and Just Tax System Possible and Thereby Benefit Everybody.

Glencoe, Ill., Oct. 21.—The Glencoe Men's club has posted the following throughout this city:

TO ALL VOTERS: YOUR INTEREST AND YOUR DUTY DEMANDS THAT YOU VOTE "YES" ON THE TAX AMENDMENT ON LITTLE BALLOT TO BE VOTED NOVEMBER 7. READ WHY.

Our present system of taxation punishes the honest taxpayer and home owner, encourages fraud, compels tax evasions and increases taxes. To abolish it

VOTE "YES" ON THE TAX AMENDMENT BALLOT.

Whether you own property, or not, you are interested in this vote. You rent or you board, you eat and wear clothes; therefore you pay taxes and like the home owner, the storekeeper and every owner of visible property you pay an unjust portion of the taxes collected; therefore, in your own interest

VOTE "YES" ON THE TAX AMENDMENT BALLOT.

If you want an honest and just system of taxation, all to bear their part of the tax burden according to their means,

VOTE "YES" ON THE TAX AMENDMENT BALLOT.

If you want to prevent increasing taxes on your home because of "tax-dodging" by those who do not pay taxes on all or any of their property subject to taxation

VOTE "YES" ON THE TAX AMENDMENT BALLOT.

If you want your wife, your children and those dependent on you to get the benefit of what you leave to them when you die; to get the full income, OR ANY OF IT, that you plan for them, you must

VOTE "YES" ON THE TAX AMENDMENT BALLOT.

It is the duty of every honest man, father, good citizen and believer in justice to

VOTE "YES" ON THE TAX AMENDMENT BALLOT.

Illinois is the second state in the amount of its farm mortgages—the amount being \$335,000,000. The interest on this sum, at 6 per cent annually, amounts to more than \$20,000,000 a year. If these mortgage notes were taxed as the law now commands it would add three or four million dollars to the annual interest payment. And, the farms would have to earn it. Remember that the Tax Amendment to be voted on November 7 will make it possible for the legislature to provide a taxing system for all intangible values that will not be excessive, as the tax rate established by the revenue law now is.

If from any apathy or neglect the people should fail to approve a tax reform amendment this year, says the Chicago Examiner, it is doubtful if the issue could be brought up again until either the constitution itself is rewritten or the amending clause is changed so as to allow several amendments to be proposed at the same election.

There are many reasons why the voter should mark his ballot "Yes" on the Tax Amendment November 7. Some may think that they have good reason for marking it "No." But no right-minded citizen of Illinois can find any justification for entire failure to vote one way or the other.

Holders of the great bulk of intangible wealth are not paying taxes in Illinois. Why? We are attempting to enforce a tax system found impossible wherever tried. Vote "Yes" to modernize tax laws.

Vote "Yes" on the tax amendment. Only those will vote "No" who want the injustice of the present system perpetuated.

No vote on the constitutional amendment is a vote "No"—a vote against yourself. Mark your "little ballot" "Yes."

Do not vote to continue tax evils by failing to mark your "little ballot" "Yes" for the tax amendment.

Do you want the tax burden on real estate lightened? Vote "Yes" for tax equality.

THAT BACKACHE SPELLS DANGER

Action Today May Save Dixon People Future Misery

A bad back isn't a bad thing if it serves as a warning of hidden kidney disorders. Kidney diseases are frightfully common today. We overdo too much. We don't give the kidneys a chance to rest up, and while a bad back, some urinary disorder or occasional dizzy spell or a persistent headache may be the only outward sign, the kidney trouble that is behind it all may be overlooked or neglected. Put your signs to use. Take them as warnings. Fight off kidney weakness. It takes only a slight kidney disorder to start a case of fatal Bright's disease, from which 100,000 people in the United States every year prompt treatment at first—that's all that's necessary to keep kidney weakness from turning into gravel, dropsy, gout, heart trouble or Bright's. Use Doan's Kidney Pills—the oldest the most widely used, best recommended Kidney Pills. Forty thousand Americans recommend them publicly. Here's one Dixon case:

Mrs. J. Carley, 511 Spruce street Dixon, says: "My back was so sore that I couldn't wait erect and morning it was hard for me to get out of bed. Various medicines didn't benefit me and when a friend recommended Doan's Kidney Pills, I got some at Leake Bros. Co's Drug store. After taking two boxes, my back was strengthened and I felt better."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Carley had. Foster-McBurn Co., Props., Buffalo, N. Y.

Following a policy started two
years ago we are still further divid-
ing our land into smaller farms of
from 60 to 300 acres each, and rent-
ing them on shares. On some we fur-
nish the cows, on others the tenant is
expected to buy a half interest in the
cows. On all farms nothing but pure
bred, registered Holsteins are kept
and in all cases the tenant furnishes
the horses and farm machinery.

These are fertile corn and alfalfa
farms, present splendid opportunities
for capable dairy farmers who have
from \$800 to \$6000 of capital. For
further information address WOOD-
LAWN FARM, Sterling, Ill. 250 6
